Med-Dyne Value

Why is replacing Filters an important part of your Machine's Maintenance?

- It is imperative to keep your filters in your machine clean and free of debris for maximum machine efficiency.
- Disposable filters should be disposed of and replaced with new filters on a regularly scheduled basis.
- Reusable foam filters can be washed once; however, it is recommended to have an extra supply on hand to use while your others are drying out.

Why choose Med-Dyne for all your Air Filtration Supplies?

- Med-Dyne promises complete customer satisfaction with a 100% Satisfaction or your Money Back Guarantee.
- Med-Dyne manufactures and distributes the largest selection of CPAP and Oxygen Concentrator Filters on the market.
 - We can take care of all your filter needs with one phone call today.
 - If you need a filter which is not represented in the catalog, we will custom manufacture your filter for you.
- Med-Dyne always keeps your inventory in stock ready to ship same day as ordered to reduce your on hand inventory costs.
